AUCTION**

Did you ever know someone who was just fun to be around? Someone whose laugh was infectious and if you needed a helping hand that person was always there? Well, that's our friend, Sammy!!! (Sammy Gobats) But on March 11, 2006, life took an unexpected turn for Sammy. At the age of 41, he was diagnosed with esophageal cancer. Chemotherapy, radiation, and then surgical removal of the affected area is what Sammy faces. Please join us at this benefit, have some fun, and help our friend Sammy.
